

"With these developments in such proximity to Gospel Light, we need a missional heart to pray, plan and plot a course to reach these new communities of students and professionals."

A LARGE HARVEST FIELD IN PUNGGOL

In January this year, The Straits Times reported that Punggol North could become a mini-Silicon Valley in 5 years - a centre for digital and cybersecurity industries generating up to 28,000 jobs. Deputy Prime Minister Teo Chee Hean was quoted as saying that the plan was to make Punggol a hub for key growth sectors of the Digital Economy, and that it could potentially even involve moving government agencies such as the Cyber Security Agency of Singapore to this district.

In addition, the Global Indian International School will open its doors soon at Punggol Field Walk. This sprawling 33,000 sqm, seven-storey campus will accommodate 3,500 students in its Phase 1 launch. It will reportedly be the most technologically advanced SMART campus in Asia, combining 21st-century pedagogy with state-of-the-art amenities.

In other words, we will see a continual influx of people working and living here at Punggol. With these developments in such proximity to Gospel Light, we need a missional heart to pray, plan and plot a course to reach these new communities of students and professionals. "The harvest is plentiful, but the labourers are few; therefore pray earnestly to the Lord of the harvest to send out labourers into his harvest." (Matthew 9:37, 38 ESV)

Blessings,
Pastor Jason Lim
