CREATION MINISTRIES INTERNATIONAL

In a few weeks, we will have a special speaker from Creation Ministries International (CMI).

Creation versus evolution is an example of the ongoing debate regarding the origin of life. According to the theory of evolution taught in schools and universities, there is no need for God – that nothing made everything. However, the book of Genesis proclaims in the first verse, "In the beginning, God created the heavens and the earth." It stands alone as a powerful refutation of all other theories of existence.

Creation Ministries International (CMI) is comprised of a global team of scientists and speakers committed to supporting the effective proclamation of the Gospel by providing

credible answers that affirm the reliability of the Bible. Although the account of origins presented in Genesis is simple, it is completely factual. As such, it provides a reliable basis for scientific research into questions of the origin and history of life, mankind, the Earth and the universe.

Gary Bates, CEO of CMI, will be speaking at Gospel Light to expose the fallacy of evolutionary ideas. Expect to be shocked by how much of the supposed "scientific evidence" for evolution is really nothing concrete.

Talks are free and seat availability is on a first-come-first-serve basis. Be sure to save the date and invite your friends!

Blessings,

Ee Kwang Head (Communications)

CHRISTIAN EDUCATION PROGRAMME

Programme Series: Apologetics Programme Title: World Religions By Brother Simon Sunday 28 Oct | 1:30pm - 2:30pm Light 2 Auditorium | Level 3

Is it narrow-minded and bigoted for evangelical Christians to claim that Jesus is the only way to God? Don't all religions lead up to the same God? Isn't the point of religion to be "sincere and moral"? In other words, don't all religions basically teach the same thing - communion with the divine and doing good works? Come and find out whether this is true.
