God is in the news again as many question why God would allow destruction of an already impoverished nation. Gary Bates brings a slightly different insight into this tragedy and how the enemies of God are using this tragedy to undermine the Christian worldview in

(A) Soil erosion leads to sediment deposition on the stream bed.

(B) After death, the body of a fish may become covered by sediment before decomposition is complete.

(C) Remains become compressed and mineralized as a sedimentary rock forms.

**Figure 15a-8** A sequence showing the physical changes—erosion, sedimentation and formation of a sedimentary rock—associated with fossil formation in the bed of a stream. Once remains become buried amongst mineral matter, then silica, carbonates and other inorganic materials may deposit in layers and other remains and slowly mineralize it to rock. Minerals of the earth's crust may later cause the fossil-bearing rocks to become tilted and lifted. Erosion may later expose the fossils—see Figure 15a-9

- Vs 5.** God called the light **day**, and the darkness He called **night**. And there was **evening** and there was **morning**, one day (Day one).
- Vs 8.** And there was evening and there was **morning**, a **second** day.
- Vs 13.** And there was **evening** and there was **morning**, a **third** day.
- Vs 19.** And there was **evening** and there was **morning**, a **fourth** day.
- Vs 23.** And there was **evening** and there was **morning**, a **fifth** day.
- Vs 31.** And there was **evening** and there was **morning**, a **sixth** day.

## 'Day' ('yom') outside of Genesis 1

'Evening' + 'Morning'.....38 times

Literal sin = literal death

“Therefore, just as sin entered the world through one man, and death through sin, and in this way death came to all men, because all sinned.”

Romans 5:12

# EVOLUTION

# CREATION

## Should we take Genesis Literally?

If Genesis is not real literal history  
with a literal very good creation and  
with a literal Adam and Eve

then sin did not literally enter the  
world through their actions,  
and therefore you and I don't  
literally need to be saved.

## No more death!

“And God shall wipe away all tears from their eyes; there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things have passed away.”

Revelation 21:4

“In the midst [of the new Jerusalem] there was the tree of life ... And there shall be no more curse.”

Revelation 22:2, 3

## Philemon 1:6

“I pray that you may be active in sharing your faith,  
so that you will have a full understanding of every good thing we have in Christ.”

## Information can change lives!

“Your (CMI) work was very important for me in becoming a faithful believer in the Bible ... I was an atheist (and convinced of evolution) until a year ago, then I started to listen to those ‘crazy young earth believers’ trying to disprove them, and here I am now. Praise the Lord!”

“Thank you for your ministry. As a child a family friend bought me a subscription to your creation magazine. I attended public schools where evolution is taught but with the information provided to me through your magazine my faith was never shaken by evolution. I am now a Sunday school teacher and my favorite topic is showing God’s glory through creation. I attribute your magazine as a major contributor to the strength of my faith and my love of science. Thank you again.”

# Two-tone TWINNS

**B**LAIR AND GAYLE, the children of a interracial couple, are the first interracial twins ever born in Philadelphia. The identical twins, who are 18 months old, were born on the same day, each weighing about 10 pounds.

How do they look? Blair is white and Gayle is black. They are both smiling and looking at the camera. Blair is wearing a white diaper and Gayle is wearing a white diaper.

They are both sitting on a small, round, black and white patterned stool. Blair is on the left and Gayle is on the right. They are both looking at the camera and smiling.
