

FOLLOW-UP MINISTRY

The Lord has brought many visitors to Gospel Light Christian Church in the two-and-a-half years since we moved to Punggol. We rejoice to see that many have decided to sink their roots here and become church members.

The Follow-up Ministry is part of the Connections team, and we reach out to newcomers who are keen to know us. Gospel Light desires to help visitors connect to the body of Christ, so that they can receive care and mutual encouragement through being part of care groups, interest groups or Bible study groups.

Our greeters help us spot new worshippers, though doing so is not easy. We are thankful for some visitors who are willing to provide their contact details through filling out a welcome form.

Our Follow-up team is then able to welcome them by text messages, phone calls or email, and invite them to visit the Connections Corner (at Level 1 Foyer near the lift lobby). The whole idea is to connect them to more people in Gospel Light, and help them with queries about church or our activities.

We organise monthly Tea Sessions for first-time visitors to meet with pastors, elders and deacons. This allows the church leadership and visitors to get to know each other informally over light refreshments. Many newcomers found out about us through the web or social media; some drove past and saw our building, while others live near Gospel Light. We hope that all visitors can build intimate relationships with our Lord Jesus, leading to a life change that brings glory to God. The Follow-up team serves to be that connecting point for newcomers to know, grow and go.

If you are naturally hospitable and enjoy working with people, please explore joining this ministry. Please contact Sue Juan at sue.choo@gospellight.sg for more information.

ESHKOL VALLEY CHILDCARE @GOSPEL LIGHT

The Eshkol Valley approach is well balanced. We arouse a love of learning in our children, even as we prepare them academically for the rigours of Primary One. For this, the preschool seeks to give the best of the play-based approach and the academic approach. Our curriculum is implemented through thematic-learning and our bilingual program provides the immersion the child needs to be school-ready.
